**Computer Buyer** April 2004  
"What impressed us a great deal about the Aries Performa was its sheer Value for Money. Suiting those who want top performance but need to keep an eye on the amount they spend."

**PC Pro**, April 2004 **5 Stars**  
With power a plenty, the Aries 4800 A/W Pro includes a 17" in LCD TV - a sensible choice with a remote control and Scart socket, which means you can watch TV and hook up a VCR or add a games console without needing to boot up the PC."
